

***MV Christmas Bird Count Feeder Count Data Instructions
January 2, 2021 (Saturday)***

How to Conduct a Feeder Count

- Record the time when you first begin watching your feeder
- Watch your feeder as much as possible on the Count Day.
- Each time you watch, record how many of each species you observe.
- Report the largest number of individuals of any one species that are observed (NOT THE SUM OF ALL OBSERVATIONS). Example: Feeder watched five times between 9 and 10am, where 5, 7, 2, 4 and 1 chickadees were observed. Report 7 chickadees (NOT 19).
- Record the time when you stop watching your feeder for the day

Submit your Data Between 1 & 4 pm

Call BiodiversityWorks (800) 690-0993 ext. 0 to report your data by leaving a message at that extension.

Or email your data sheet to mvbirdcount@gmail.com by noon on 1/3/2021 so your data can be entered and included in the tally results.
