

***MV Christmas Bird Count Feeder Count Data Instructions
January 1st, 2023 (Sunday)***

How to Conduct a Feeder Count

- Record the time when you first begin watching your feeder
- Watch your feeder as much as possible on the Count Day.
- Each time you watch, record how many of each species you observe.
- Report the largest number of individuals of any one species that are observed (NOT THE SUM OF ALL OBSERVATIONS). Example: Feeder watched five times between 9 and 10am, where 5, 7, 2, 4 and 1 chickadees were observed. Report 7 chickadees (NOT 19).
- Record the time when you stop watching your feeder for the day

Submit your Data

Email your bird list to mvbirdcount@gmail.com by 4 pm so your data can be entered and included in the tally results.

Or, call BiodiversityWorks (800) 690-0993 ext. 0 to report your data between 1 & 4 pm. Either read you list to our volunteers or leave it on a message.

Join us for the Tally

All are welcome at the final tally, in person at the Wakeman Center basement or via Zoom

Time: Jan 1, 2023 06:00 PM Eastern Time (US and Canada)

You will need to wait to be admitted to the Zoom meeting.
